#### INDEPENDENT AUDITOR'S REPORT

Board Members of Ward Two Water District of Livingston Parish Denham Springs, Louisiana

#### Report on the Financial Statements

We have audited the accompanying financial statements of the business-type activities of Ward Two Water District of Livingston Parish (the District), (a component unit of the Livingston Parish Council), as of and for the year ended December 31, 2012, and the related notes to the financial statements, which collectively comprise the basic financial statements as listed in the table of contents.

#### Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

#### Auditor's Responsibility

Our responsibility is to express opinions on these financial statements based on our audit. We conducted our audit in accordance with auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in Government Auditing Standards, issued by the Comptroller General of the United States. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free of material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the financial statements. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal control relevant to the District's preparation and fair presentation of the financial statements in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the District's internal control. Accordingly, we express no such opinion. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluating the overall presentation of the financial statements.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinions.

#### **Opinions**

In our opinion, the financial statements referred to above present fairly, in all material respects, the respective financial position of the business-type activities of Ward Two Water District of Livingston Parish as of December 31, 2012, and the respective changes in financial position and cash flows thereof for the year then ended in accordance with accounting principles generally accepted in the United States of America.

#### Report on Summarized Comparative Information

We have previously audited Ward Two Water District of Livingston Parish's December 31, 2011 financial statements, and we expressed an unmodified audit opinion on those audited financial statements in our report dated June 19, 2012. In our opinion, the summarized comparative information presented herein as of and for the year ended December 31, 2011 is consistent, in all material respects, with the audited financial statements from which it has been derived.

#### **Emphasis of Matter**

As described in Note 17 to the financial statements, in 2012, Ward Two Water District of Livingston Parish adopted new accounting guidance, GASB Statement No. 65, *Items Previously Reported as Assets and Liabilities*. Our opinion is not modified with respect to this matter.

#### Other Matters

# Required Supplementary Information

Accounting principles generally accepted in the United States of America require that the management's discussion and analysis information on pages 4 through 11 be presented to supplement the basic financial statements. Such information, although not a part of the basic financial statements, is required by the Governmental Accounting Standards Board, who considers it to be an essential part of financial reporting for placing the basic financial statements in an appropriate operational, economic, or historical context. We have applied certain limited procedures to the required supplementary information in accordance with auditing standards generally accepted in the United States of America, which consisted of inquiries of management about the methods of preparing the information and comparing the information for consistency with management's responses to our inquiries, the basic financial statements, and other knowledge we obtained during our audit of the basic financial statements. We do not express an opinion or provide any assurance on the information because the limited procedures do not provide us with sufficient evidence to express an opinion or provide any assurance.

#### Other Information

Our audit was conducted for the purpose of forming opinions on the financial statements that collectively comprise Ward Two Water District of Livingston Parish's basic financial statements. The schedules listed in the Table of Contents as Schedule 1 through Schedule 3 are presented for purposes of additional analysis and are not a required part of the financial statements. The accompanying schedule of expenditures of federal awards, identified on the Table of Contents as Schedule 4, is presented for purposes of additional analysis as required by U.S. Office of Management and Budget Circular A-133, *Audits of States, Local Governments, and Non-Profit Organizations* and is also not a required part of the financial statements.

Schedules 1 through Schedule 3 and the schedule of expenditures of federal awards, Schedule 4, are the responsibility of management and were derived from and relate directly to the underlying accounting and other records used to prepare the financial statements. The information has been subjected to the auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with auditing standards generally accepted in the United States of America. In our opinion, the information is fairly stated in all material respects in relation to the financial statements as a whole.

#### Other Reporting Required by Government Auditing Standards

In accordance with Government Auditing Standards, we have also issued our report dated May 21, 2013, on our consideration of the District's internal control over financial reporting and on our tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements and other matters. The purpose of that report is to describe the scope of our testing of internal control over financial reporting and compliance and the results of that testing, and not to provide an opinion on the internal control over financial reporting or on compliance. That report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering Ward Two Water District of Livingston Parish's internal control over financial reporting and compliance.

Respectfully submitted,

Flannis J. Bourgeois, LAP

# Ward Two Water District of Livingston Parish Denham Springs, Louisiana Management's Discussion and Analysis December 31, 2012

#### Introduction

Ward Two Water District of Livingston Parish, Denham Springs, Louisiana (the District) is pleased to present its Annual Financial Statements developed in compliance with Governmental Accounting Standards Board Statement No. 34, *Basic Financial Statements - Management's Discussion and Analysis - For State and Local Governments (GASB 34)*, and related standards.

The District's discussion and analysis is designed to (a) assist the reader in focusing on significant financial issues, (b) provide an overview of the District's financial activity, (c) identify changes in the District's financial position, (d) identify any significant variations from the District's financial plan, and (e) identify individual fund issues or concerns.

Since Management's Discussion and Analysis (MD&A) is designed to focus on the current year's activities, resulting changes, and currently known facts, please read it in conjunction with the District's financial statements in this report.

## **Financial Highlights**

- At December 31, 2012, total assets and deferred outflows of resources were \$37,644,905, and exceeded liabilities in the amount of \$12,588,518 (i.e., net position). Of the total net position, \$1,624,466 was unrestricted and available to support short-term operations; \$3,421,935 was restricted for capital projects and debt service, with the balance of \$7,542,117 invested in capital assets, net of related debt.
- For the year ended December 31, 2012, user fee revenues (water sales) decreased two percent to \$4,946,969 as compared to \$5,051,244 for the fiscal year ended December 31, 2011.
- The District's expenses increased 9% percent to \$5,204,026 as compared to \$4,761,977.
- The District had asset improvements placed in service of \$4,668,273 during the year ended December 31, 2012.

The reasons for the above changes, and for other changes in the financial position of the District, are discussed following the financial statement tables and presentations within the Management Discussion and Analysis.

#### Overview of the Annual Financial Report

Management's Discussion and Analysis (MD&A) serves as an introduction to the basic financial statements and supplementary information. The MD&A presents an overview of management's examination and analysis of Ward Two Water District of Livingston Parish, Denham Springs, Louisiana's financial condition and performance.

The financial statements report information on the District using full accounting methods similar to those used in the private business sector. Financial statements include the Balance Sheet, Statement of Revenues, Expenses, and Changes in Net Position, and the Statement of Cash Flows. The Balance Sheet provides information about the nature and amount of the District's resources and obligations at year-end, and provides a basis for evaluating the capital structure of the District and assessing the liquidity and financial flexibility of the District.

The Statement of Revenues, Expenses, and Changes in Net Position accounts for the revenues and expenses for the fiscal year, and provides information on how net position changed during the year. This statement measures the success of the District's operations in a format that can be used to determine if the District has recovered its costs through user fees and other charges.

The Statement of Cash Flows reports cash receipts, cash payments, and net changes in cash resulting from operations, investing, and financing activities, and provides information on the source of cash receipts, what the cash was used for, and the total change in cash for the reporting period.

The notes to the financial statements provide required disclosures essential to an understanding of the financial statements. The notes present information about the District's accounting policies, significant account balances and activities, commitments, contingencies, and subsequent events, if any. Supplementary information includes a comparative budget schedule, and key information schedules on operation of the District.

#### **Financial Analysis**

The purpose of financial analysis is to help determine whether Ward Two Water District of Livingston Parish, Denham Springs, Louisiana is better off as a result of the current year's activities. In this analysis, data from two of the basic financial statements, the Balance Sheet, and the Statement of Revenues, Expenses, and Changes in Net Position, are presented below in condensed format. These statements report the net position, the difference between assets and deferred outflows of resources and liabilities and deferred inflows of resources, and the change in net position, which provides information for indicating the financial condition of the District. Following these statements is a separate schedule summarizing and analyzing budget changes for the current fiscal year.

## Condensed Balance Sheets December 31, 2012 and 2011

	2012	2011	Dollar	Percentage
	2012	2011	Change	Change
Assets:				
Current Assets	\$ 6,849,058	\$ 6,986,966	\$ (137,908)	(2%)
Noncurrent Assets:				
Other Assets	492	492	-	0%
Capital Assets	29,952,301	28,306,535	1,645,766	6%
Total Assets	36,801,851	35,293,993	1,507,858	4%
Deferred Outflows of Resources:				
Deferred Amount on Refunding of Debt	843,054	154,074	688,980	447%
Total Assets and Deferred Outflows of Resources	37,644,905	35,448,067	2,196,838	6%
Liabilities:				
Current Liabilities	4,648,407	7,114,588	(2,466,181)	(35%)
Long Term Liabilities	20,407,980	16,758,425	3,649,555	22%
Total Liabilities	25,056,387	23,873,013	1,183,374	5%
Net Position:				
Invested in Capital Assets, Net of Related Debt	7,542,117	6,445,090	1,097,027	17%
Restricted for Capital Activity and Debt Service	3,421,935	3,256,227	165,708	5%
Unrestricted	1,624,466	1,873,737		(13%)
Total Net Position			(249,271)	. ,
I otal Net Fosition	\$ 12,588,518	\$ 11,575,054	\$ 1,013,464	9%

The major components of change for "Current Assets" were primarily decreases of Cash and Cash Equivalents of \$191,087 and an increase in Inventory of \$50,104.

"Capital Assets" increased by \$1,645,766 primarily from additions to construction projects combined with the effect of depreciation expense recorded of \$1,009,880. \$2,721,937 of the increase is related to net current year purchases.

"Deferred Amount on Refunding of Debt" increased by \$688,980. The primary reason for the increase is due to the advance refunding of the Series 2004 bonds which resulted in a difference between the reacquisition price and the net carrying amount of the old debt of \$710,232 which was deferred.

"Total Liabilities" increased by \$1,183,374 primarily from changes in Short Term and Long Term Debt. The repayment of regular scheduled principal payment caused a decrease of \$1,132,000. The District also refunded several bonds during the year and in doing so issued additional refunding bonds. There was a net increase in debt of \$1,013,000 due to the refunding. In addition, the District had a net increase of \$1,309,609 due to draws and debt forgiveness on the bond anticipation note of an authorized \$8,000,000 Series 2011A Revenue Bond. Construction is expected to be finalized in 2014 for the 2011A Bond.

# Condensed Statement of Revenues, Expenses and Changes in Net Position For the Years Ended December 31, 2012 and 2011

		2012 2011			Dollar Change	Percentage Change	
Revenues:	-	*					
Operating Revenues	\$	5,453,877	\$	5,574,442	\$	(120,565)	(2%)
Nonoperating Revenues		763,613		56,422	2	707,191	1253%
Total Revenues		6,217,490		5,630,864		586,626	10%
Expenses:							
Depreciation		1,009,880		908,237		101,643	11%
Other Operating Expenses		2,960,321		2,979,720		(19,399)	(1%)
Nonoperating Expenses		1,233,825		874,020		359,805	41%
Total Expenses		5,204,026		4,761,977		442,049	9%
	_						
Change in Net Position		1,013,464		868,887		144,577	17%
Beginning Net Position, As Restated		11,575,054		10,706,167		868,887	8%
Ending Net Position	\$	12,588,518	\$	11,575,054	\$	1,013,464	9%
4	-						

While the Balance Sheet shows the change in financial position of net position, the Statement of Revenues, Expenses, and Changes in Net Position provides answers to the nature and scope of these changes. The above table gives an indication of how Ward Two Water District of Livingston Parish, Denham Springs, Louisiana's is being conservatively managed in a time of expansion. The District has grown from a customer base of approximately 7,000 in 1998 to billable customers totaling 18,125 at fiscal year end. The total number of customers increased by 182 for the year ended December 31, 2012 or one percent from the prior year.

Total "Operating Revenues" (including water sales and revenues related to providing water and related services to customers) decreased by \$120,565 (two percent) for the fiscal year ended December 31, 2012 after a \$485,641 (ten percent) increase for the year ended December 31, 2011. The decrease in Operating Revenues for 2012 was caused by a decrease in water consumption because of an unusually wet summer. The increase in Operating Revenues in 2011 was caused by an increase in water rates that was effective January 1, 2011. Nonoperating Revenues increase is due to \$702,102 in debt forgiveness on the 2011A bonds.

Total expenses increased by \$442,049 from the prior year and reflecting a \$359,805 increase in nonoperating expenses as well as a \$101,643 increase in depreciation expense. These were offset by a decrease in other operating expenses of \$19,399.

The above changes resulted in an increase in Net Position of \$1,013,464 for the year ended December 31, 2012, as compared to an increase in net position of \$868,887 for the year ended December 31, 2011.

#### **Budgetary Highlights**

Ward Two Water District of Livingston Parish, Denham Springs, Louisiana adopts an annual operating budget and reviews budget-to-actual performance on a monthly basis. This budget provides an estimate for the current fiscal year of the proposed expenditures and the revenues that will finance the operations of the District. The operating budget is adopted before the end of the prior fiscal year, and is amended by the Board of Commissioners after review of monthly budget-to-actual financial reports. A summary of the approved budget is presented below in a condensed format summarizing major revenue and expenditure categories, and is followed by analysis of significant variations between budget and actual amounts. Although not presented as a part of the basic financial statements, a more detailed schedule is also presented in "Schedule 1 - Budgetary Comparison Schedule", as supplementary information, following the footnotes to the financial statements.

Condensed Statement of Revenues, Expenses and Changes in Net Position Budget (GAAP Basis) and Actual For the Year Ended December 31, 2012

	Final Budget	Actual	Favorable
	December 31,	December 31,	(Unfavorable)
	2012	2012	Variance
Revenues:			
Operating Revenues	\$ 5,497,500	\$ 5,453,877	\$ (43,623)
Nonoperating Revenues	103,500	763,613	660,113
Total Revenues	5,601,000	6,217,490	616,490
Expenses:			
Depreciation	935,000	1,009,880	(74,880)
Other Operating Expenses	3,021,800	2,960,321	61,479
Nonoperating Expenses	875,000	1,233,825	(358,825)
Total Expenses	4,831,800	5,204,026	(372,226)
Change in Net Assets	769,200	1,013,464	244,264
Beginning Net Assets, As Restated	11,575,054	11,575,054	
Ending Net Assets	\$ 12,344,254	\$ 12,588,518	\$ 244,264

Actual Operating Revenues were below budgeted Operating Revenues by about one percent. Nonoperating Revenues were above budgeted revenues because of \$702,102 in debt forgiveness on the 2011A DHH bonds that was not included in the final budget. Actual Other Operating Expenses were below budgeted amounts. Actual Nonoperating Expenses are above budgeted amounts by \$358,825. One of the reasons for being above budget is due to implementation of GASB statement 65, "Items Previously Reported as Assets and Liabilities", which requires debt issuance cost to be recognized as expense in the period incurred. There was \$481,145 in debt issuance cost recognized in 2012 due to the refunding of debt which was not included in the final budget. Also interest expense which is included in Nonoperating Expenses was \$180,066 less than the budgeted amount.

### Other Significant Trends and Account Changes

Included within this section is first a listing and analysis of general trends and operating data affecting the operation of the District. This is followed by an analysis of any significant account changes, not included within other sections of the Management's Discussion and Analysis.

#### **General Operating Data**

As of December 31, 2012 and 2011, the District had the following number of customers:

	December 31, 2012	December 31, 2011	Increase (Decrease)
Customers			
Residential	17,078	16,873	205
Nonresidential	1,047	1,070	(23)
Total Customers	18,125	17,943	182

Revenue and Expense Data Per Customer Per Month

	December 31, 2012	December 31, 2011	Increase (Decrease)	Percentage Change
Water Sales	22.74	23.46	(0.72)	(3%)
Operating Revenues	25.08	25.89	(0.81)	(3%)
Total Revenues	28.59	26.15	2.44	9%
Operating Expenses	18.25	18.06	0.19	1%
Total Expenses	23.93	22.12	1.81	8%

One key measure of a water district's profitability, and the ability to generate positive cash flows, is the ability of the water system to collect accounts receivable on a timely basis. Presented below is an aged receivable listing for the fiscal years ended December 31, 2012 and 2011.

	December 31,		Dec	cember 31,	Increase		
		2012		2011	(D	ecrease)	
Accounts Receivable							
Current	\$	266,772	\$	251,123	\$	15,649

#### Long-Term Debt

The primary source of long-term financing for Ward Two Water District of Livingston Parish, Denham Springs, Louisiana are seven series of existing bonds financed by financial institutions and various government agencies. During 2012, the District refunded several series of bonds in order to reduce interest expense and fees over the life of the bonds. The refunding of the Series 2000 bonds and Series 2005 bonds resulted in a decrease of total debt service payments over the next 14 years by \$728,956 and resulted in an economic gain of \$628,526. The partial refunding of the Series 2004 bonds resulted in a decrease of total debt service payments over the next 17 years by \$585,966 and an economic gain of \$480,303. Details including balances, payments, and interest rates are included in Footnote 6 - Long-Term Debt.

Bonds financed for Ward Two Water District of Livingston Parish, Denham Springs, Louisiana require a specific debt service to net income ratio, referred to as the "Bond Debt Coverage Ratio" in Footnote 7 - Long Term Debt Restricted Assets and Bond Covenant Requirements. This ratio, described in Footnote 7, measures the extent to which revenues of the District are sufficient to cover the costs of operation and debt service including annual installments for debt service and required deposits to the Sinking Fund, Reserve Fund, and Renewal and Replacement Fund. The ratio of revenue to operating expenses, exclusive of non-cash flow items such as depreciation, and amortization, and the aforementioned debt requirements must equal at least 125%. For existing bonds at December 31, 2012, the Bond Debt Coverage Ratio exceeded the 125% requirement.

#### **Future Economic Plans**

Ward Two Water District of Livingston Parish, Denham Springs, Louisiana's management approach has been conservative when estimating revenues and expenses of operation, but has been aggressive to meet the needs of a rapidly expanding water system. During 2010, the District, based on the District's consulting engineer's recommendation, approved resolutions authorizing additional loan proceeds from the Department of Health and Hospitals (DHH) to fund a maximum of Twelve Million (\$12,000,000) in construction improvements and expansions. Funds are to be repaid with a pledge of revenues by the District. During 2012, the District completed the construction and placed in service the improvement and expansions related to the \$4,000,000 Series 2010A Revenue Bonds. The District closed the loan on the \$8,000,000 Series 2011A Bonds during the fourth quarter of 2011, and began construction in the first quarter of 2012. At fiscal year end, the District had received \$2,340,340 (\$702,102 which has been forgiven) in bond anticipation notes of an authorized \$8,000,000 Series 2011A Revenue Bond and construction is expected to be finalized in 2014. During 2012, the District fully refunded the Series 2000 bonds and Series 2005 bonds and partially refunded the Series 2004 bonds in order to reduce interest expense and fees over the life of the bonds. The new refunding bonds are classified as the 2012A, 2012B, 2012C and 2012D bonds.

#### Contacting the District's Management

This financial report is designed to provide a general overview of the finances of Ward Two Water District of Livingston Parish, Denham Springs, Louisiana, for all those interested in the District's finances. Questions regarding any of the information in this report or request for additional information should be addressed to Manager, Ward Two Water District of Livingston Parish, Post Office Box 637, Denham Springs, Louisiana 70727.

#### NOTES TO THE FINANCIAL STATEMENTS

#### **DECEMBER 31, 2012**

## (1) Organization, Nature of Operations, and Summary of Significant Accounting Policies -

#### A. Organization and Nature of Operations

Ward Two Water District of Livingston Parish, Denham Springs, Louisiana was created by the Livingston Parish Council on August 23, 1975, pursuant to the provisions of R.S. 33:3811, et.seq., of the Louisiana Revised Statutes of 1950.

The District is located in rural Livingston Parish, Louisiana. The purpose of the District is to provide water to customers within the boundaries of the District. The District is composed of five board members who are appointed by the Parish Council of Livingston. Board members are compensated for meeting attendance at the rate of \$100 per meeting. The District serves approximately one third of Livingston Parish. The areas of service are in the western portion of the parish, north of Florida Boulevard and a small area south of Florida Boulevard between Denham Springs and Walker. The District has twenty-nine full time and two part time employees. As of December 31, 2012 there were 18,125 metered customers, representing an increase in customers of 182 from the prior fiscal year. The District covers an area which includes over three hundred miles of water main lines.

#### B. Financial Reporting Entity

The Livingston Parish Council is the financial reporting entity for Livingston Parish, Louisiana. The Livingston Parish Council appoints a voting majority of the District's governing body and can impose its will on the District. Accordingly, the District has been determined to be a component unit of the Livingston Parish Council.

The accompanying financial statements present information only on the activities and the fund maintained by the District and do not present information on the Livingston Parish Council, the general government services provided by that governmental unit, or the other governmental units that comprise the financial reporting entity for Livingston Parish, Louisiana.

The District has no entities or organizations that are required to be included in its financial report as defined by Governmental Accounting Standards Board (GASB) Statement 61.

#### NOTES TO THE FINANCIAL STATEMENTS (CONTINUED)

DECEMBER 31, 2012

## C. Measurement Focus and Basis of Accounting and Financial Statement Presentation

These financial statements are prepared in accordance with accounting principles generally accepted in the United States of America as applied to governmental units and promulgated by the Governmental Accounting Standards Board (GASB) Codification of Governmental Accounting and Financial Reporting Standards. These statements establish standards for external financial reporting for all state and local governmental entities which includes a balance sheet, a statement of revenues, expenses and changes in net position and a statement of cash flows.

The District's financial statements are prepared on the full accrual basis in accordance with accounting principles generally accepted in the United States of America. Under the accrual basis of accounting, revenues are recognized when they are earned, and expenses are recognized at the time liabilities are incurred or economic asset used. The District follows the guidance included in GASB Statement No. 62 - Codification of Accounting and Financial Reporting Guidance Contained in Pre-November 1989 FASB and AICPA Pronouncements.

All activities of the District are accounted for in a single proprietary (enterprise) fund. Proprietary funds are used to account for operations that are financed and operated in a manner similar to private business enterprise, where the intent of the governing authority is that the cost (expenses, including depreciation) of providing services on a continuing basis be financed or recovered primarily through user charges.

The term measurement focus denotes what is being measured and reported in the District's operating statement. Financial operations of the District are accounted for on the flow of economic resources measurement focus. With this measurement focus, all of the assets and liabilities, available to the District for the purpose of providing goods and services to the public, are included on the balance sheet. The statement of revenues, expenses and changes in net position includes all charges for services and costs of providing goods and services during the period.

Proprietary funds distinguish operating revenues and expenses from nonoperating items. Operating revenues and expenses generally result from providing services and producing and delivering goods in connection with a proprietary fund's principal ongoing operations. The principal operating revenues of the proprietary funds are user charges for the services provided by the enterprise funds. Operating expenses for enterprise funds include the cost of sales and services, administrative expenses, and depreciation on capital assets. All revenues and expenses not meeting this definition are reported as nonoperating revenues and expenses.

#### NOTES TO THE FINANCIAL STATEMENTS (CONTINUED)

#### **DECEMBER 31, 2012**

When both restricted and unrestricted resources are available for use, it is the District's policy to use restricted resources first, then unrestricted resources as they are needed.

## D. Deposits and Investments

The District's cash and cash equivalents are considered to be cash on hand, demand deposits, and short-term investments with original maturities of three months or less from the date of acquisition. State law and the District's investment policy allow the District to invest in collateralized certificates of deposit, government-backed securities, commercial paper, the state-sponsored investment pool, and mutual funds consisting solely of government-backed securities.

Investments are limited by Louisiana Revised Statute (R.S.) 33:2955 and the District's investment policy. If the original maturities of investments exceed 90 days, they are classified as investments; however, if the original maturities are 90 days or less, they are classified as cash equivalents.

#### E. Inventories

Inventory held primarily consists of supplies for system maintenance and is valued at cost using the first-in / first-out method. Purchases of various operating supplies are regarded as expenditures at the time purchased, and inventories of such supplies (if any) are not recorded as assets at the close of the fiscal year.

#### F. Prepaid Items

Payments made to vendors that will benefit periods beyond the end of the current calendar year are recorded as prepaid items. Prepaid items consist of prepaid insurance premiums at December 31, 2012.

#### G. Restricted Assets

Certain proceeds of the enterprise fund revenue bonds, as well as certain resources set aside for their repayment, are classified as restricted assets because their use is limited by applicable bond covenants. In addition, certain resources are set aside to reimburse customers their utility deposits upon discontinuance of service.

#### NOTES TO THE FINANCIAL STATEMENTS (CONTINUED)

#### DECEMBER 31, 2012

#### H. Capital Assets

Capital assets of the District are defined by the District as assets with an initial, individual cost of more than \$500, and an estimated useful life in excess of one year. In addition, the District capitalizes all costs of water and sewer taps. Capital assets are recorded at either historical cost or estimated historical cost. Donated assets, including water systems donated for continued maintenance by the District, are valued at their estimated fair market value on the date donated. Depreciation of all exhaustible fixed assets is charged as an expense against operations.

The costs of normal maintenance and repairs that do not add to the value of the asset or materially extend assets lives are not capitalized.

All capital assets, other than land, are depreciated using the straight-line method over the following useful lives:

Assets	_Years_
Buildings and Improvements	20 to 40
Machinery and Equipment	5 to 10
Furniture and Fixtures	5 to 10
Vehicles	5
Utility System	40

#### I. Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the date of the financial statements and the reported amounts of revenues and expenses during the reporting period. Actual results could differ from those estimates.

#### J. Accumulated Unpaid Vacation and Sick Pay

The District provides various forms of compensated leave benefits to its employees. An employee can earn sick leave and vacation leave based upon the number of hours worked each pay period and years of continuous employment. At termination or retirement only unused vacation time can be paid to the employee. As a result, only the amount of unused vacation time is accrued in the District's basic financial statements.

GASB Statement Number 16 provides that vacation leave and other compensated absences with similar characteristics should be accrued as a liability as the benefits are earned by the employees if both of the following conditions are met:

#### NOTES TO THE FINANCIAL STATEMENTS (CONTINUED)

#### **DECEMBER 31, 2012**

- 1. The employee's rights to receive compensation are attributable to services already rendered.
- 2. It is probable that the employer will compensate the employees for the benefits through paid time off or some other means, such as cash payments at termination or retirement.

In accordance with GASB-16, Accounting for Compensated Absences, no liability has been accrued for unused employee sick leave.

#### K. Long-Term Obligations

Long-term liabilities are recognized within the Proprietary Fund. Bond premiums and discounts are deferred and amortized over the life of the bonds. Bonds payable are reported net of the applicable bond premium or discount. Debt issuance costs, except any portion related to prepaid insurance costs, are recognized as expense in the period incurred. Prepaid insurance costs related to debt issuance is reported as an asset and recognized over the life of the related debt.

#### L. Net Position

GASB Statement No. 34, Basic Financial Statements, Management's Discussion and Analysis, for State and Local Governments, requires classification of net position, the difference between the District's assets, deferred outflows of resources, and liabilities, into three components, as described below:

- Invested in capital assets, net of related debt This component of net position consists of capital assets, including restricted capital assets, net of accumulated depreciation and reduced by the outstanding balances of any bonds, or indebtedness attributable to the acquisition, construction, or improvement of those assets. If there are significant unspent proceeds at year-end, the portion of the debt attributable to the unspent proceeds is not included in the calculation of invested in capital assets, net of related debt. Rather, that portion of the debt is included in the same net asset calculation as unspent proceeds.
- Restricted This component of net position consists of constraints placed on net asset use through external constraints imposed by creditors (such as through debt covenants), grantors, contributors, or laws or regulations of other governments or constraints imposed by law through constitutional provisions or enabling legislation.
- Unrestricted This component of net position consists of net position that do not meet the definition of "restricted" or "invested in capital assets, net of related debt".

#### NOTES TO THE FINANCIAL STATEMENTS (CONTINUED)

#### DECEMBER 31, 2012

#### M. Summary Financial Information for 2011 and Reclassification

The financial statements include certain prior year summarized information in total. Such information does not include sufficient details to constitute a presentation in conformity with generally accepted accounting principles. Accordingly, such information should be read in conjunction with the District's financial statements for the year ended December 31, 2011, from which the summarized information was derived.

Certain items in the 2011 columns have been reclassified to conform to the presentation in the current year financial statements.

#### (2) Cash and Cash Equivalents -

For reporting purposes, cash and cash equivalents include cash, demand deposits, and time certificates of deposit with original maturity dates of 90 days or less. Under state law the District may deposit funds within a fiscal agent bank organized under the laws of the State of Louisiana, any other state in the union, or under the laws of the United States. Further, the District may invest in time deposits or certificates of deposit of state banks organized under Louisiana law and national banks having principal offices in Louisiana.

Cash and cash equivalents and investments are stated at cost, which approximates market. These deposits must be secured under state law by federal deposit insurance or the pledge of securities owned by the bank. The market value of the pledged securities plus the federal deposit insurance must at all times equal the amount on deposit with the bank. The following is a summary of cash and cash equivalents and investments at December 31, 2012:

	Book Balance	Bank <u>Balance</u>
Petty Cash Demand Deposits and Savings Accounts Restricted Cash Held in Bank Trust Accounts	\$ 1,000 1,987,561 3,425,553	\$ - 2,384,998 3,425,553
	\$5,414,114	\$5,810,551

Custodial Credit Risk - Deposits. In the case of deposits, this is the risk that in the event of a bank failure, the District's deposits may not be returned to it. The restricted cash balance of \$3,425,553 is fully collateralized above the Federal Deposit Insurance Corporation (FDIC) insurance of \$250,000 since the financial institution's trust department is required to be fully collateralized. At December 31, 2012, \$1,884,998 of the District's demand deposits and savings account balance of \$2,384,998 was exposed to custodial credit risk because it was uninsured but collateralized with securities held by the pledging institution's trust department or agent, but not in the District's name.

#### NOTES TO THE FINANCIAL STATEMENTS (CONTINUED)

#### **DECEMBER 31, 2012**

#### (3) Receivables -

The following is a summary of receivables at December 31, 2012:

Accounts Receivable:		
Current	\$	266,772
31-60 Days Past Due		4,417
61-90 Days Past Due		2,055
Over 90 Days Past Due	3	14,016
Subtotal		287,260
Less: Allowance for Uncollectible Accounts		(13,422)
Net Accounts Receivable	\$	273,838

All customer receivables are reported at gross value and reduced by the portion that is expected to be uncollectible. Periodically, the board reviews the aging of receivables and determines the actual amount uncollectible. Per board approval, uncollectible amounts are written off against accounts receivable, and the allowance for uncollectible accounts is adjusted to a reasonable estimate of collectability. Bad debt expense totaled \$11,896 for the year ended December 31, 2012.

Estimated unbilled revenues (accrued billings) are recognized at the end of each fiscal year on a prorata basis. The estimated amount is based on billing during the month following the close of the year. At December 31, 2012, accrued amounts were \$241,587.

#### NOTES TO THE FINANCIAL STATEMENTS (CONTINUED)

#### **DECEMBER 31, 2012**

#### (5) Short-Term Debt -

On April 21, 2009, the District adopted a resolution granting preliminary authorization to proceed with the issuance of not exceeding Twenty Million and no/100 dollars (\$20,000,000) in aggregate amount of water revenue bonds. Based on the cost analysis provided by the District's consulting engineer, the Board determined that the Bonds should be issued in an amount not to exceed Twelve Million and no/100 Dollars (\$12,000,000) and that the placement of the bonds under the Program with the Louisiana Department of Health and Hospitals (DHH) was the most cost-effective financing option for the District. On July 26, 2010, DHH committed to lend to the District, from available moneys in the State Revolving Fund, and under the terms and conditions of the Federal Act, the State Act, the Commitment Agreement, the Loan Agreement and the Bonds, the maximum sum of Four Million Dollars (\$4,000,000). Construction was finalized during 2012 and the loan was converted to a bond payable and is referred to as Waterworks Revenue Bonds, Series 2010A issued at 2.95% with installments of interest due on October 1 and April 1 of each year, with principal installments due on April 1 of each year. On June 1, 2011, DHH committed to lend to the District, from available moneys in the State Revolving Fund, and under the terms and conditions of the Federal Act, the State Act, the Commitment Agreement, the Loan Agreement and the Bonds, the maximum sum of Eight Million Dollars (\$8,000,000). Once construction is finalized, the loan will be converted to a bond payable and referred to as Waterworks Revenue Bonds, Series 2011 issued at 2.95% with installments of interest due on October 1 and April 1 of each year, with principal installments due on April 1 of each year. The final bond payment schedule will be revised by DHH after final payment of the bonds to the District. In the Loan and Pledge Agreement under section 3.02, it states that upon the payment of each principal draw on the loan, and without any further action on the part of the DHH or the District, thirty percent (30%) of the principal amount of each such draw on the loan shall immediately and irrevocably be deemed to be forgiven by the DHH, up to a maximum amount of principal forgiveness of \$1,125,000, and no interest shall accrue on the principal amount that is so forgiven. The amount of the loan forgiveness is \$702,102 at December 31, 2012.

For the year ended December 31, 2012, the Series 2011 project is in the construction phases, with total bond proceeds received net of principal forgiven reported as Bond Anticipation Note Payable with a balance of \$1,638,238.

# (6) Long-Term Debt -

The following is a summary of long-term obligation transactions for the year ended December 31, 2012:

#### **Current Year Current Refunding:**

On June 29, 2012, the District issued \$5,355,000 Series 2012A, \$4,540,000 Series 2012B, and \$470,000 Series 2012C Water Revenue Refunding Bonds for the purpose of refunding the outstanding balance of the Series 2000 DEQ Revenue bonds and the Series 2005 DHH bonds and interest and administrative fees. The outstanding principal balance of the Series 2000 DEQ Revenue bonds and the Series 2005 DHH bonds as of the refunding date of June 29, 2012 was \$5,355,000 and \$4,807,000, respectively

The proceeds of the Series 2012A, 2012B, and 2012C Refunding bonds were as follows:

Proceeds of Refunding Bonds:

Par Amount of Bonds

\$ 10,365,000

#### NOTES TO THE FINANCIAL STATEMENTS (CONTINUED)

# **DECEMBER 31, 2012**

The sources and uses of the Current Refunding issues are summarized as follows:

Sources and Uses of Funds:	
Sources:	
Series 2012A Bonds	\$ 5,355,000
Series 2012B Bonds	4,540,000
Series 2012C Bonds	470,000
Transfer from Existing Debt Service Reserve	183,011
	\$ 10,548,011
Uses:	
Redemption of Series 2000 Bonds	\$ 5,355,000
Redemption of Series 2005 Bonds	4,807,000
Payment of Accrued Interest on Redeemed Bonds	
and Administrative Fees	98,213
Cost of Issuance on Bonds	287,798
	\$ 10,548,011

The following is the calculation of cash flow requirements and economic gain:

Old Debt Service Cash Flows		\$ 12,935,002
New Debt Service Cash Flows	12,023,035	
Plus:		
Contribution from Sinking Funds	183,011	12,206,046
Cash Flow Difference		\$ 728,956
Economic Gain on Refunding: Present Value of Old Debt Service Cash Flows		\$ 11,178,384
Present Value of New Debt Service Cash Flow	10,366,847	
Plus:		
Net Contribution from Debt Sinking Funds	183,011	10,549,858
Economic Gain		\$ 628,526

The District refunded the Series 2000 and Series 2005 bonds to decrease total debt service payments over the next 14 years by \$728,956 and to obtain an economic gain of \$628,526.

#### NOTES TO THE FINANCIAL STATEMENTS (CONTINUED)

**DECEMBER 31, 2012** 

#### **Current Year Advance Refunding:**

On June 29, 2012, the District issued \$6,725,000 Series 2012D Water Revenue Refunding bonds for the purpose of refunding \$5,915,000 of the outstanding balance of the Series 2004 Waterworks System Revenue Parity bonds and interest and redemption premium associated with the Series 2004 bonds. The net proceeds of \$6,579,468 (after payment of \$191,791 in cost of issuance) plus an additional \$47,816 of the sinking fund monies were used to purchase U.S. government securities. Those securities were deposited in an irrevocable trust with an escrow agent to provide for all future debt service payments on the 2004 Series bonds. As a result, \$5,915,000 of the 2004 Series Bonds are considered in-substance defeased and the liability for those bonds has been removed from the District's books.

The proceeds of the Series 2012D Refunding bonds were as follows:

Proceeds	of F	efin	ding	Bonde.
1100000	OLL	CELUII	unig	Dollas.

Par Amount of Bonds \$ 6,725,000

The sources and uses of the Advance Refunding issues are summarized as follows:

#### Sources and Uses of Funds:

\$ 6,725,000
47,816
\$ 6,772,816
\$ 6,579,468
1,557
191,791
\$ 6,772,816
\$

#### NOTES TO THE FINANCIAL STATEMENTS (CONTINUED)

#### **DECEMBER 31, 2012**

The following is the calculation of cash flow requirements and economic gain:

Old Debt Service Cash Flows		\$	9,102,006
New Debt Service Cash Flows	8,468,224		
Plus:			
Contribution from Sinking Funds	47,816		8,516,040
Cash Flow Difference		\$	585,966
Economic Gain on Refunding:		13	
Present Value of Old Debt Service Cash Flows		\$	7,251,827
Present Value of New Debt Service Cash Flow	6,725,265		
Plus: Net Contribution from Sinking Funds	47,816		
Less: Refunding Funds on Hand	(1,557)		6,771,524
Economic Gain		\$	480,303

The advance refunding of the Series 2004 bonds resulted in a difference between the reacquisition price and the net carrying amount of the old debt of \$710,232 which was deferred and is being amortized over the life of the new bonds. The difference is reported in the accompanying financial statements as a deferred outflow of resources and is being charged to operations as a component of interest expense. The District refunded the Series 2004 bonds to decrease total debt service payments over the next 17 years by \$585,966 and to obtain an economic gain of \$480,303.

#### **Deferred Amount on Prior Advanced Refunding:**

On April 1, 1994, the District issued \$4,225,000 in Waterworks Revenue Bonds with an average interest rate of 5.8 percent to advance refund \$1,820,000 of outstanding 1989 series bonds with an average interest rate of 8.6 percent. The District purchased U.S government securities valued at \$2,063,413 and deposited them into an irrevocable trust with an escrow agent to provide for all future debt service payments on the \$1,820,000 of 1989 series bonds. As a result, \$1,820,000 of the 1989 series bonds are considered to be defeased and the liability for the bonds has been removed from the District's books. Further, on April 1, 2004, the District issued the 2004 Waterworks System Revenue Parity Bonds for \$8,250,000 that paid \$3,165,000 for the redemption of 1994 Waterworks Revenue Bonds.

The 1994 advance refunding of the 1989 bonds resulted in a difference between the reacquisition price and the net carrying amount of the old debt of \$531,288. The difference, reported in the accompanying financial statements as a deferred outflow of resources, is being charged to operations through the year 2019 as a component of interest expense using the straight line method. The District completed the advance refunding to reduce its total debt service payments over the next 25 years by \$187,383 and to obtain an economic gain of \$115,345.

#### NOTES TO THE FINANCIAL STATEMENTS (CONTINUED)

**DECEMBER 31, 2012** 

#### **Debt Service Requirements to Maturity:**

The annual requirements to amortize all long term debt outstanding as of December 31, 2012 including expected interest payments of \$4,425,686 and administration fees of \$184,638 are as follows:

			Administration	
Year Ending	Principal	Interest	Fee	Total
2013	\$ 1,237,000	\$ 550,583	\$ 18,725	\$ 1,806,308
2014	1,368,000	512,164	17,853	1,898,017
2015	1,409,000	474,029	16,958	1,899,987
2016	1,445,000	437,296	16,043	1,898,339
2017	1,481,000	399,620	15,105	1,895,725
2018 to 2022	7,790,000	1,422,146	60,650	9,272,796
2023 to 2027	5,098,000	569,212	33,562	5,700,774
2028 to 2029	1,787,000	60,636	5,742	1,853,378
	21,615,000	4,425,686	184,638	26,225,324

#### (7) Deferred Outflows of Resources -

In 2012, the District implemented GASB Statement No. 65, *Items Previously Reported as Assets and Liabilities* and GASB Statement No. 63, *Financial Reporting of Deferred Outflows of Resources, Deferred Inflows of Resources and Net Position*. These statements provide guidance on reporting the difference between the reacquisition price and the net carrying amount of the old debt for current and advance refundings resulting in defeasance of debt. The difference is reported as a deferred outflow of resources or a deferred inflow of resources and recognized as a component of interest expense over the remaining life of the old debt. At December 31, 2012, the District had a deferred amount on refunding of debt of \$843,054 which is comprised of \$132,822 for the 1994 advanced refunding and \$710,232 for the 2012 advanced refunding of debt.

#### (8) Long-Term Debt Restricted Assets and Bond Covenant Requirements -

Ward Two Water District of Livingston Parish, Denham Springs, Louisiana is required to maintain the following reserves as part of debt covenants related to the debt held at December 31, 2012. As of December 31, 2012, debt covenants relate to existing parity bonds, consisting of the 2004 Water Revenue Bonds, 2010 Waterworks System Revenue Bonds, and the Series 2012A, 2012B, 2012C, and 2012D Water Revenue Refunding bonds. The District's compliance with bond covenants as of December 31, 2012, related to required deposits, is detailed below and is followed first by a narrative description of the related bond deposit requirements, and secondly by a description of compliance to bond rate covenants, referenced as "Bond Debt Coverage Ratio", requiring that revenues of the District be sufficient to cover the operating and maintenance and debt service requirements of the outstanding bonds.

### NOTES TO THE FINANCIAL STATEMENTS (CONTINUED)

### **DECEMBER 31, 2012**

					Re	newal and	
	Sinking			Reserve	Replacement		
		Fund		Fund	9	Fund	Total
Required Balance	\$	791,892	\$	1,900,726	\$	500,000	\$ 3,192,618
Current Reserved Amount		848,795	,	2,076,567		500,191	3,425,553
Amount Over (Under) Funded	\$	56,903	\$	175,841	\$	191	\$ 232,935

### **Sinking Fund Requirements**

Bond covenants require the maintenance of a separately identifiable fund or account designated as the "Sinking Fund" into which deposits are required in sufficient amount to pay promptly and fully the interest and principal installments of the "Bonds and the Parity Obligations" as the required payments become due, by transferring from the Revenue Fund to the Sinking Fund monthly on or before the 20th day of each month of each year a sum equal to 1/6 of the interest and administrative fee falling due on the Bonds on the next interest payment date, and a sum equal to 1/12 of the principal falling due on the Bonds on any principal date within the next twelve months, together with any proportionate monthly sum as may be required to pay said principal, interest, and administrative fee as they become due. The bond covenants language and requirements apply to existing Parity obligations, including the 2004 Water Revenue Bonds, 2010 Waterworks System Revenue Bonds, and the Series 2012A, 2012B, 2012C, and 2012D Water Revenue Refunding bonds.

At December 31, 2012, the District Sinking Fund bond deposits requirements were over funded by \$56,903 for the 2004, 2010, 2012A, 2012B, 2012C, and 2012D bond issues. The District made the required installments for the year ended December 31, 2012.

#### **Bond Reserve Fund**

Bond Reserve Fund" into which is to be deposited monthly, on or before the 20th day of each month of each year, a sum at least equal to 25 percent of the amount required to be paid into the Sinking Fund for each month with respect to the Bonds, until such time as there has been accumulated therein a sum equal to the highest amount of principal and interest due in any given year on the Bonds (the "Reserve Fund Requirement"), the 2004 Water Revenue Bonds, 2010 Waterworks System Revenue Bonds, and the Series 2012A, 2012B, 2012C, and 2012D Water Revenue Refunding bonds and any additional Parity Obligations hereafter issued. The 2012 Water Revenue Refunding Bonds were issued in parity with existing bond obligations and bond covenants specify that the payments to the Reserve Fund shall be increased or otherwise adjusted to the amounts as will assure that there will be accumulated in the Reserve Fund within a period not exceeding five (5) years from the date of delivery of such additional parity obligations an amount of money equal to the Reserve Fund Requirement. The District chose to increase monthly payments over 5 years to fund the

### NOTES TO THE FINANCIAL STATEMENTS (CONTINUED)

### **DECEMBER 31, 2012**

increased installment requirements for the 2012 Water Revenue Refunding bonds. At December 31, 2012, the District maintained a balance of \$2,076,567 which was \$175,841 more than the bond deposit requirements at year end. Bond covenants require that the monies in the Reserve Fund be retained solely for the purpose of paying the principal of and interest on the Bonds payable as to which there would otherwise be default.

## Renewal and Replacement Fund

The Renewal and Replacement Fund is established pursuant to the 2004 Bond Resolution, and is restated in 2012 Water Revenue Refunding bonds' Revenue Bond Resolution to apply to any subsequent Outstanding Parity Bonds. The Fund is established to pay for extensions, additions, improvements, renewals and replacements necessary to properly operate the System by transferring from the Revenue Fund to the Renewal and Replacement Fund monthly on or before the twentieth day of each month of each year, a sum equal to five percent of the Gross Revenues of the System for the preceding month, provided that such sum is available after provisions are made for the payments required. Such payments to the Renewal and Replacement Fund shall continue until such time as there has been accumulated in said Fund the sum of \$500,000 (the "Renewal and Replacement Fund Requirement"), whereupon such payments may cease and need be resumed thereafter only if the total amount of money on deposit in said fund is reduced below the Renewal and Replacement Fund Requirement, in which event such payments shall be resumed and continue until said Renewal and Replacement is again accumulated.

In addition to caring for extensions, additions, improvements, renewal and replacements necessary to properly operate the System, the money in the Renewal and Replacement Fund may also be used to pay the principal of and the interest on the Bonds and the Outstanding Parity Bonds, for the payment of which there is not sufficient money in the Sinking Fund and Reserve Fund and any Parity Obligations issued hereafter in the manner provided by the Bond Resolution for the payment of which there is not sufficient money in the Sinking fund and Reserve Fund, but the money in said Renewal and Replacement Fund shall not be used for the making of improvements and extensions to the System (other than emergency repairs or replacements) or for the payment of principal of or interest on the Bonds or the Outstanding Parity Bonds if the use of said money will leave in the said Renewal and Replacement Fund for the making of emergency repairs or replacement less than the sum of ten percent of the Renewal and Replacement Fund Requirement.

For the year ended December 31, 2012, the Renewal and Replacement Fund was fully funded with a balance of \$500,191.

### NOTES TO THE FINANCIAL STATEMENTS (CONTINUED)

**DECEMBER 31, 2012** 

### **Bond Debt Coverage Ratio**

Bond covenants of the outstanding parity obligations require the District to fix, establish, levy and collect, so long as any principal and interest is unpaid on the Bonds and any Parity Obligations, such rates, fees, rents, or other charges for services and facilities of the System and all parts thereof, and revise the same from time to time whenever necessary as will always provide revenues in each fiscal year sufficient to pay operations and maintenance expenses in each fiscal year and provide net revenues in each fiscal year in an amount equal to at least one hundred twenty-five percent of the required deposits to the Sinking Fund established in the Series 2004 Bond Resolution, Series 2010 Bond Resolution, Series 2012 Bond Resolution and any resolution relating to additional Parity Obligations. The covenants require that such rates, fees, rents, or other charges shall not at any time be reduced so as to be insufficient to provide adequate revenues for the foregoing purposes.

The calculated bond debt coverage ratio for existing Parity Obligations, including Series 2004 bonds, Series 2010 bonds and Series 2012 bonds exceeded the 125 percent ratio for the year ended December 31, 2012.

### (9) Restricted and Designated Net Position -

At December 31, 2012, the District recorded \$3,421,935 in Restricted Net Position (Restricted for Capital Projects and Debt Service), representing the District's funds restricted by revenue bond debt covenants, contracts with customers for meter deposits, and the unspent portion of capital debt related to amounts restricted for capital projects less liabilities related to these restricted funds. A liability relates to restricted assets if the asset results from incurring the liability or if the liability will be liquidated with the restricted assets.

## (10) Risk Management -

The District is exposed to various risks of loss related to theft, damage, or destruction of assets, torts, injuries, natural disasters, and many other unforeseeable events. The District purchases commercial insurance policies and bonds for any and all claims related to the aforementioned risks. The District's payment of the insurance policy deductible is the only liability associated with these policies and bonds. There have been no significant decreases in insurance coverage from the prior year, and the amount of settlements has not exceeded the insurance coverage for the past three fiscal years.

### (11) Litigation -

There is no outstanding litigation at December 31, 2012 for Ward Two Water District of Livingston Parish for which the District would expect an unfavorable outcome.

### NOTES TO THE FINANCIAL STATEMENTS (CONTINUED)

**DECEMBER 31, 2012** 

### (12) Compensated Absences and Retirement Plan -

At December 31, 2012, the employees of the District have accumulated and vested \$39,973 of employee leave benefits, which was computed in accordance with GASB Codification Section C60. The District has no plan or provision for other post employment benefits.

The District does not belong to a retirement system; however, the District contributes to the Social Security System as required by law. In September 2012, the District adopted a 457(b) deferred compensation plan and the District elected to match employee contributions up to a maximum of 3 percent. The District terminated its self-employed retirement plan (SEP) after the adoption of the new plan. The District contributed \$24,985 into the SEP and 457(b) plans during 2012. Under the 457(b) plan, the Districts contributions are vested based on an employee's years of service in accordance with the terms of the Adoption Agreement.

### (13) Compensation Paid to Board Members -

Compensation paid to the board members for 2012 were as follows:

Name / Contact Number	Title	Address and Telephone		pensation ceived
Theodore Graham (225) 664-9189	President	33550 Cane Market Road Walker, LA 70785	\$	1,700
John Easterly (225) 665-9794	Vice-President	37917 Louisiana Highway 16 Denham Springs, LA 70706-0334	1	1,400
Stanley Spillman (225) 665-2669	Secretary - Treasurer	P.O. Box 692 Watson, LA 70786		1,600
Shyrl Westmoreland (225) 664-2597	Board Member	29709 Bickford Lane Denham Springs, LA 70726		1,600

### (14) Commitments -

Following is a schedule that lists the various projects and projected costs of each along with amounts spent to date:

	Contract		Remaining	
Project Name	Amount	Spent to Date	Commitment	
<b>Current Bond Projects</b>				
Linder Road Ground Storage Tank	\$ 889,438	\$ 889,438	\$ -	
Linder Road Tank Waterline Extension	10,410	10,410	-	
Ball Park Water Well	676,098	676,098	-	
Repair & Repaint Two Elevated Tanks	119,832	119,832	-	
Ball Park Waterline Extension	13,957	11,562	2,395	
Forest Delatte Waterline Extension	74,216	40,401	33,815	
Highway 190 Tank	1,216,783	69,783	1,147,000	
Engineering and Consulting	512,238	512,238	-	
Other Costs	63,489	63,489	_	
Total Current Bond Projects	3,576,461	2,393,251	1,183,210	
Other Projects	73,936	73,936		
Total Incomplete Construction at				
December 31, 2012	\$ 3,650,397	\$ 2,467,187	\$ 1,183,210	

Total construction period interest costs of \$25,437 were capitalized in 2012. Construction period interest costs of \$25,437 from the current period remains in Construction in Progress at December 31, 2012. These costs cannot be depreciated because they have been allocated to projects that are not substantially complete.

### (15) Current Accounting Pronouncements -

The Governmental Accounting Standards Board issued GASB Statement No. 66 - "Technical Corrections - 2012 - an amendment of GASB Statements No. 10 and No. 62." The objective of this Statement is to improve accounting and financial reporting for a governmental financial reporting entity by resolving conflicting guidance that resulted from the issuance of two pronouncements, Statements No. 54, Fund Balance Reporting and Governmental Fund Type Definitions, and No. 62, Codification of Accounting and Financial Reporting Guidance Contained in Pre-November 30, 1989 FASB and AICPA Pronouncements. This Statement amends Statement No. 10, Accounting and Financial Reporting for Risk Financing and Related Insurance Issues, by removing the provision that limits fund-based reporting of an entity's risk financing activities to the general fund

### NOTES TO THE FINANCIAL STATEMENTS (CONTINUED)

### **DECEMBER 31, 2012**

and the internal service fund type. As a result, governments should base their decisions about fund type classification on the nature of the activity to be reported, as required in Statement 54 and Statement No. 34, Basic Financial Statements and Management's Discussion and Analysis for State and Local Governments. This Statement also amends Statement 62 by modifying the specific guidance on accounting for (1) operating lease payments that vary from a straight-line basis, (2) the difference between the initial investment (purchase price) and the principal amount of a purchased loan or group of loans, and (3) servicing fees related to mortgage loans that are sold when the stated service fee rate differs significantly from a current (normal) servicing fee rate. These changes clarify how to apply Statement No. 13, Accounting for Operating Leases with Scheduled Rent Increases, and result in guidance that is consistent with the requirements in Statement No. 48, Sales and Pledges of Receivables and Future Revenues and Intra-Entity Transfers of Assets and Future Revenues, respectively. This Statement will be required to be adopted by the District for year ending December 31, 2013.

In June 2012, the Governmental Accounting Standards Board issued GASB Statement No. 68 -"Accounting and Financial Reporting for Pensions - an amendment of GASB Statement No. 27." The principal objective of this Statement is to improve the usefulness of information for decisions made by the various users of the general purpose external financial reports (financial reports) of governments whose employees - both active employees and inactive employees - are provided with pensions. One aspect of that objective is to provide information about the effects of pension-related transactions and other events on the elements of the basic financial statements of state and local governmental employers. This information will assist users in assessing the relationship between a government's inflows of resources and its total cost (including pension expense) of providing government services each period. Another aspect of that objective is to provide users with information about the government's pension obligations and the resources available to satisfy those obligations. An additional objective of this Statement is to improve the information provided in government financial reports about pension-related financial support provided by certain nonemployer entities that make contributions to pension plans that are used to provide benefits to the employees of other entities. This statement will be required to be adopted by the District for year ending December 31, 2014.

Statement No. 67, Financial Reporting for Pension Plans, establishes standards of financial reporting for defined benefit pension plans and defined contribution pension plans that are used to provide pensions that are within the scope of this Statement. The two Statements are closely related in some areas, and certain provisions of this Statement refer to Statement 68. This Statement will be required to be adopted by the District for year ending December 31, 2015.

Management is currently evaluating the effects of the new GASB pronouncements scheduled for implementation for year ending December 31, 2013. Management currently believes the implementation of GASB 66 will not have a material effect on the District's financial statements.

### NOTES TO THE FINANCIAL STATEMENTS (CONTINUED)

**DECEMBER 31, 2012** 

### (16) Land Mitigation Cost -

In the prior year, the District received a cease and desist order from the US Army Corp of Engineers on improvements to their Springfield Road property. The Springfield Road property contains wetlands on it and the District was not aware that it needed a permit from the US Army Corp of Engineers in order to make improvements on the land. The District had already cleared and filled in the wetlands and were planning on additional improvements including additional filling-in and a future building. The District's management decided to continue the improvements and utilize the property including the portion that is determined to be wetlands and applied to purchase wetland credits from an approved mitigation bank. The District hired an environmental consultant and submitted an after-the-fact permit on August 31, 2012. The environmental consultant calculated the required mitigating credits and management has estimated the cost to mitigate the land the District improved. At December 31, 2012, a liability in the amount of \$71,400 has been accrued and land mitigation cost in a corresponding amount has been charged to non-operating expenses for 2012.

### (17) Change in Accounting Principle -

The District elected to early adopt GASB Statement 65, Items Previously Reported as Assets and Liabilities. Under GASB Statement 65, debt issuance costs, except any portion related to prepaid insurance costs, are recognized as expense in the period incurred. The District had incurred debt issuance cost in 2011 and prior years. These costs were previously capitalized as assets and amortized as expense over the duration of the related debt. GASB 65 adopted a definition of cost of issuance on debt by identifying which costs are subject to capitalization. The costs paid by the District for debt issuance no longer met the GASB definition. In order to conform to GASB 65, the District removed Deferred Bond Issuance Costs and reduced net position as if the cost was expensed in the period incurred. The following items have been restated as follows:

nber December
011 31, 2010
3,040 \$ 10,986,907
37,986) (280,740)
\$ 10,706,167
3

The District also adopted the provisions of GASB Statement No. 62 - Codification of Accounting and Financial Reporting Guidance Contained in Pre-November 1989 FASB and AICPA Pronouncements and GASB Statement No. 63 - Financial Reporting of Deferred Outflows or Resources, Deferred Inflows of Resources and Net Position. The adoption of GASB 62 did not require any changes to the financial statements of the District; however; GASB 63 required the District to use the term Net Position instead of Net Assets. See footnote 7 for additional changes resulting from adopting GASB 63 and 65.

#### INDEPENDENT\_AUDITOR'S REPORT

Board Members of Ward Two Water District of Livingston Parish Denham Springs, Louisiana

We have audited, in accordance with the auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards* issued by the Comptroller General of the United States, the financial statements of the business-type activities of Ward Two Water District of Livingston Parish (the District), (a component unit of the Livingston Parish Council), as of and for the year ended December 31, 2012, and the related notes to the financial statements, which collectively comprise the basic financial statements, and have issued our report thereon dated May 21, 2013.

### **Internal Control Over Financial Reporting**

In planning and performing our audit of the financial statements, we considered the District's internal control over financial reporting (internal control) to determine the audit procedures that are appropriate in the circumstances for the purpose of expressing our opinions on the financial statements, but not for the purpose of expressing an opinion on the effectiveness of the District's internal control. Accordingly, we do not express an opinion on the effectiveness of the District's internal control.

A deficiency in internal control exists when the design or operation of a control does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct, misstatements on a timely basis. A material weakness is a deficiency, or a combination of deficiencies, in internal control, such that there is a reasonable possibility that a material misstatement of the entity's financial statements will not be prevented, or detected and corrected on a timely basis. A significant deficiency is a deficiency, or a combination of deficiencies, in internal control that is less severe than a material weakness, yet important enough to merit attention by those charged with governance.

Our consideration of internal control was for the limited purpose described in the first paragraph of this section and was not designed to identify all deficiencies in internal control that might be material weaknesses or significant deficiencies. Given these limitations, during our audit we did not identify any deficiencies in internal control that we consider to be material weaknesses. However, material weaknesses may exist that have not been identified.

### Compliance and Other Matters

As part of obtaining reasonable assurance about whether the District's financial statements are free from material misstatement, we performed tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements, noncompliance with which could have a direct and material effect on the determination of financial statement amounts. However, providing an opinion on compliance with those provisions was not an objective of our audit, and accordingly, we do not express such an opinion. The results of our tests disclosed an instance of noncompliance or other matters that is required to be reported under *Government Auditing Standards* and which is described in the accompanying schedule of findings and questioned costs as item 2012-01.

### The District's Response to Findings

The District's response to the findings identified in our audit is described in the accompanying schedule of findings and questioned costs. The District's response was not subjected to the auditing procedures applied in the audit of the financial statements and, accordingly, we express no opinion on it.

### Purpose of this Report

The purpose of this report is solely to describe the scope of our testing of internal control and compliance and the result of that testing, and not to provide an opinion on the effectiveness of the entity's internal control or on compliance. This report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering the entity's internal control and compliance. Accordingly, this communication is not suitable for any other purpose; however, under Louisiana Revised Statue 24:513, this report is distributed by the Legislative Auditor as a public document.

Respectfully submitted,

Hannis J. Bourgeois, LAP

INDEPENDENT AUDITOR'S REPORT ON COMPLIANCE FOR EACH MAJOR PROGRAM AND ON INTERNAL CONTROL OVER COMPLIANCE REQUIRED BY OMB CIRCULAR A-133 2322 Tremont Drive • Baton Rouge, LA 70809

## INDEPENDENT AUDITOR'S REPORT

Board Members of Ward Two Water District of Livingston Parish Denham Springs, Louisiana

### Report on Compliance for Each Major Federal Program

We have audited Ward Two Water District of Livingston Parish's (the District) compliance with the types of compliance requirements described in the *OMB Circular A-133 Compliance Supplement* that could have a direct and material effect on the District's major federal program for the year ended December 31, 2012. The District's major federal program is identified in the summary of auditor's result's section of the accompanying schedule of findings and questioned costs.

### Management's Responsibility

Management is responsible for compliance with the requirements of laws, regulations, contracts, and grants applicable to its federal program.

#### Auditor's Responsibility

Our responsibility is to express an opinion on compliance for each of the District's major federal programs based on our audit of the types of compliance requirements referred to above. We conducted our audit of compliance in accordance with auditing standards generally accepted in the United States of America; the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States; and OMB Circular A-133, *Audits of States, Local Governments, and Non-Profit Organizations*. Those standards and OMB Circular A-133 require that we plan and perform the audit to obtain reasonable assurance about whether noncompliance with the types of compliance requirements referred to above that could have a direct and material effect on a major federal program occurred. An audit includes examining, on a test basis, evidence about the District's compliance with those requirements and performing such other procedures as we considered necessary in the circumstances.

We believe that our audit provides a reasonable basis for our opinion on compliance for the major federal program. However, our audit does not provide a legal determination of the District's compliance.

# Opinion on the Major Federal Program

In our opinion, Ward Two Water District of Livingston Parish complied, in all material respects, with the types of compliance requirements referred to above that could have a direct and material effect on its major federal program for the year ended December 31, 2012.

### Report on Internal Control Over Compliance

Management of the District is responsible for establishing and maintaining effective internal control over compliance with the types of compliance requirements referred to above. In planning and performing our audit of compliance, we considered the District's internal control over compliance with the types of requirements that could have a direct and material effect on the major federal program to determine the auditing procedures that are appropriate in the circumstances for the purpose of expressing an opinion on compliance for the major federal program and to test and report on internal control over compliance in accordance with OMB Circular A-133, but not for the purpose of expressing an opinion on the effectiveness of internal control over compliance. Accordingly, we do not express an opinion on the effectiveness of the District's internal control over compliance.

A deficiency in internal control over compliance exists when the design or operation of a control over compliance does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct, noncompliance with a type of compliance requirement of a federal program on a timely basis. A material weakness in internal control over compliance is a deficiency, or combination of deficiencies, in internal control over compliance, such that there is a reasonable possibility that material noncompliance with a type of compliance requirement of a federal program will not be prevented, or detected and corrected, on a timely basis. A significant deficiency in internal control over compliance is a deficiency, or a combination of deficiencies, in internal control over compliance with a type of compliance requirement of a federal program that is less severe than a material weakness in internal control over compliance, yet important enough to merit attention by those charged with governance.

Our consideration of internal control over compliance was for the limited purpose described in the first paragraph of this section and was not designed to identify all deficiencies in internal control over compliance that might be material weaknesses or significant deficiencies. We did not identify any deficiencies in internal control over compliance that we consider to be material weaknesses. However, material weaknesses may exist that have not been identified.

The purpose of this report on internal control over compliance is solely to describe the scope of our testing of internal control over compliance and the results of that testing based on the requirements of OMB Circular A-133. Accordingly, this report is not suitable for any other purpose; however, under Louisiana Revised Statute 24:513, this report is distributed by the Legislative Auditor as a public document.

Respectfully submitted,

Hannes J. Bourgeois, LAP

### SCHEDULE OF FINDINGS AND QUESTIONED COSTS

# FOR THE YEAR ENDED DECEMBER 31, 2012

- The threshold for distinguishing Types A and B programs was \$300,000
- The District was determined to be a low-risk auditee.

#### SCHEDULE OF FINDINGS AND QUESTIONED COSTS (CONTINUED)

### FOR THE YEAR ENDED DECEMBER 31, 2012

### B. Internal Control Over Financial Reporting

None

### C. Compliance and Other Matters

### Finding 2012-01 Compliance with Bid Laws

### Criteria:

According to Louisiana R.S. 38:2212.1 for purchases of materials or supplies totaling between \$10,000 and less than \$30,000, state and local governmental entities are required to obtain at least three telephone or facsimile quotes, obtain written confirmation of the accepted offer for the file, and if a lower bid than the accepted bid is not accepted, the reason for the rejection must be noted.

#### Condition:

During 2012, the District purchased a vehicle from a local dealership for \$25,668. The dealership included a "State Concession/Discount" to reduce the purchase price. The District did not obtain three quotes as required by state law because they were under the impression that the "State Concession/Discount" was part of state contract purchasing.

#### Effect:

The District has a compliance violation of Louisiana R.S 38:2212.1 because they purchased a vehicle costing \$25,668 after receiving only one quote. They should have obtained at least three quotes in accordance with Louisiana R.S. 38:2212.1.

#### Recommendation:

We recommend that the District follow Louisiana public bid laws when purchasing materials and supplies.

#### Management's Response:

The District was informed about a "State Concession" price, while looking to replace a vehicle. The state concession price was a significant savings over regular price. The District was led to believe that the state concession price was similar to the state contract price and additional quotes were not required. We should have verified this information before proceeding with the purchase. In the future, the District will obtain at least three quotes when purchasing items not on the state contract list.
